

GOKARAJU RANGARAJU INSTITUTE OF ENGINEERING AND TECHNOLOGY

RUEDO'19 – A NATIONAL LEVEL ENVIRONMENT FEST

Ruedo'19 is a National Level Environmental fest organized by STREET CAUSE , NSS and Green Campus at Gokaraju Rangaraju Institute of Engineering and Technology. Our mother Earth is currently facing a lot of environmental concerns. Over the last few decades, the exploitation and degradation of our environment have gone up at an alarming rate. Therefore, with the aim to educate and inspire people, we celebrated Ruedo on 23rd Feb 2019. Several technical and non-technical events were organized to promote eco-friendly engineering and technology and this year we introduced zero paper wastage concepts. We made digital signature, E-Certificates and etc...

Description of The Events:

Project Expo: Students from different colleges actively participated at the roadshow by displaying innovative prototypes and short films. Students from different branches exhibited Interesting yet impactful prototypes involving their core subjects like revitalizing solar energy, green house controlling system, smart farming with auto perfection system, monitoring and controlling many parameters in the environment, automatic water leveler, intelligent green house and many more. Apart from environmental theme based projects students provided solutions to the existing societal problems like alcohol detection with vehicle controlling, smog detection, mute people speaking system and several riveting short films. About 25 projects involving different techniques and ideas were

presented in this Ruedo'19. These prototypes provided solutions to the real time problems and can be implemented on a large scale.

TECHNICAL EVENTS

Paper And Power Point Presentations: -

Students expressed their perspectives of a better society through power point presentations and paper presentations. The students were allowed to choose any topic of their choice which relates to social and environmental theme, for which they presented a variety of presentations in almost every social and environmental aspect possible.

NON-TECHNICAL EVENTS:

Wall painting:

Students showcased their talents by painting on the walls beautifully expressing their stories. Each and every painting spoke for itself and clearly tells the story itself. The beauty of the paintings lies in its nature of being the most realistic and based on contemporary situations of our everyday life. The incorporation of the values of nature into the painting was one of the best work done by the painters. The best paintings were rewarded. About 8 teams of artists came forward to tell their stories on the Ruedo day.

Nature Photography:

Spectacular pictures online and were rewarded. Every photograph received was related to nature. Many photos stunned us by taking us into a trance filled with the calmness and serenity of the nature through their amazing clicks. The most natural ways of animals and nature can be seen through the perfectly timed photos, which led us an experience the quaintness of the nature. Students

from different colleges posted about 1005 amazing photographs and all photographs were equally competitive with each other.

Yoga competition:

Yoga competition was organized with an attempt to reduce stress and provide relaxation bringing back the authenticity of our past traditions and its values. This helped every participant in having a good day and made them rethink about their day to day life. Through this were tried to create awareness a positive lifestyle to people. Students were very enthusiastic and did the asana with ease around 25+ students from various departments participated in the competition.

Food Expo:

Food stalls, where healthy and natural foods like fruit salads, fresh fruit juices etc. were set up for refreshment. There wasn't even a single trace of processed or junk food in RUEDO'19. The FOOD EXPO of RUEDO'19 kept its name by presenting the gourmets with a wide variety of exquisite natural foods ranging from seasonal foods like mangoes to dietary food like sprouts, which are handpicked to ensure the taste and hygiene of the foods.

Box cricket:

Cricket was organized in closed space with specific overs and winners from the huge list of teams participated, were rewarded. About 36 teams participated and it was a visual treat to watch such energetic players on the field. This event is a short sized version of actual cricket by just limiting the

amount of time and area of the game. Being the most popular sport in India, this was undoubtedly one of the highlights of RUEDO'19.

Watermelon splash:

This was one of the most enjoyable events, players were competing against each other and the people who consumed more number of watermelons were rewarded. This event was planned out based upon the current season, which is summer. This event was a crowd puller and about 50 teams participated. This stood out in all the other food related events as this event expressed the true spirit and meaning in the "celebration of food".

Treasure hunt: -

Different materials were hidden and students had to find them using the clues provided. This is a very well-known and most played event. The theme was environment instead of a regular theme. The clues or the items were related to the environment.

Guess the Dialogue:

RUEDO'19 got many non-technical events and here comes an event for the cinephilics is "GUESS THE DIALOGUE" on 23rd February 2019. 10 half dialogue audio clips would be played and the player must guess all and say the complete dialogue. Participants, win an amazing prize and made memories.

Blind Volleyball:

Has anyone heard of blind sport, If not do attend RUEDO'19 on 23rd February at GRIET and experience "Blind volleyball / throwball". An amazing experience where you have to play without knowing who you are playing against. In the event a cloth will be placed on the net to cover the players of the other court. The players have to react instantly and play the game. Participants, know their instant reflexes and win exciting prizes.

Guess the Environment:

"Nature lovers wake up RUEDO'19 come up with an other event called "GUESS THE ENVIRONMENT" on 23rd Feb 2019. A video clip will be played for 30 seconds, participant should answer the questions asked, within a short span of time. Participant, with maximum no. of correct answers will win an exciting prize. They came with memories of their friends.

Story Creating:

"Some are good at studies; Some are good at sports"

But it heard that all Engineers are good at story telling. So Ruedo team has come up with an exciting event "STORY CREATING" on 23rd February i.e. Saturday, all that is needed to do is pick up some random slips from a box containing some secret word with which they need to create a story.

Pot Painting:

Painting is a poetry that is seen rather than felt. So Ruedo has come up with an exciting event, "PAINTING". Participants have to get there and on 22rd February i.e. Friday. Participants will be provided with a pot.

Guess the feel:

RUEDO'19 got many non-technical events and here comes another crazy event called "Guess The Feel" on 23rd Feb,2019. By placing a crazy items stuff on a table, the participants will be blind folded. Who guesses the maximum no of items correctly, wins an amazing prize. So many students participated n make memories with amigos.

Fast and Furious:

The event "FAST AND FURIOUS" it is experience fun in this event. It will have a sheet which consists of Crazy tasks. In this event according to particular task have to complete tasks in less time. Then the finalize the winner who completes in minimum time will get a Achievement Certificate.

PERFORMANCE:

Students from ASHRAY AKRUTI, a school for deaf and dumb were invited and they show cased their talents by performing skits and dance performances. Their performances stood as the show stopper for the RUEDO fest. The intensity of the message which they were trying to convey the audience reached crystal clear. The students were highly talented and their warm performances were heart touching.

Finally there was the Instrumental flash mob performed by our college students which hyped up the craze of RUEDO'19. This was performed as the final act of the fest continued by dance flash mob.
